### 2.3. Other hazards

No information available.

# SECTION 3: Composition/information on ingredients

### 3.1 Mixture

Chemical Name	EC No	CAS No	Weight-%	Classification according to Regulation (EC) No. 1272/2008 [CLI
Aluminum	231-072-3	7429-90-5	68.5	Flam. Sol. 1 (H228) Water-react. 2 (H261)
Zinc oxide	215-222-5	1314-13-2	23.9	Aquatic Acute 1 (H400) Aquatic Chronic 1 (H410)
Polysiloxane	-	-	7.5	-
Pigment	-		0.1	

### **SECTION 4: First aid measures**

### 4.1. Description of first aid measures

#### General advice

In case of accident or unwellness, seek medical advice immediately (show directions for use or safety data sheet if possible).

### Inhalation

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical advice/attention if you feel unwell.

### Skin Contact

Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Wash contaminated clothing before reuse. If skin irritation persists, call a physician.

### Eye contact

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

#### Ingestion

Rinse mouth. Get medical attention. Never give anything by mouth to an unconscious person.

### 4.2. Most important symptoms and effects, both acute and delayed

No information available.

# 4.3. Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

### SECTION 5: Firefighting measures

5.1. Extinguishing media Suitable extinguishing media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. No information available.

### Unsuitable extinguishing media

**5.2. Special hazards arising from the substance or mixture** No information available.

### 5.3. Advice for firefighters

Evacuate personnel to safe areas. Move containers from fire area if you can do it without risk. Cool drums with water spray. Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Stay upwind. Ensure adequate ventilation, especially in confined areas.

### SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

Evacuate personnel to safe areas. Ensure adequate ventilation, especially in confined areas. Remove all sources of ignition. Do not touch or walk through spilled material. Avoid contact with skin, eyes or clothing. Avoid generation of dust. Avoid breathing dust/fume/gas/mist/vapors/spray. Use personal protection recommended in Section 8.

### 6.2. Environmental precautions

Local authorities should be advised if significant spillages cannot be contained. Prevent entry into waterways, sewers, basements or confined areas.

### 6.3. Methods and material for containment and cleaning up

Contain and collect spillage with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see Section 13).

#### 6.4. Reference to other sections

See Section 7 for more information See section 8 for more information See section 13 for more information

### **SECTION 7: Handling and storage**

### 7.1. Precautions for safe handling

Handle in accordance with good industrial hygiene and safety practice. Ensure adequate ventilation, especially in confined areas. Avoid contact with skin, eyes or clothing. Wash contaminated clothing before reuse. Take precautionary measures against static discharges. Avoid generation of dust. Do not breathe dust/fume/gas/mist/vapors/spray. Do not eat, drink or smoke when using this product. Wash thoroughly after handling. Use personal protection recommended in Section 8.

#### 7.2. Conditions for safe storage, including any incompatibilities

Keep containers tightly closed in a dry, cool and well-ventilated place. Keep away from heat. Keep locked up and out of reach of children. Store in accordance with local regulations.

### 7.3. Specific end use(s)

Apart from the uses mentioned in SECTION 1.2 no other specific uses are stipulated.

### SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

### Derived No Effect Level (DNEL)

No information available

### Predicted No Effect Concentration (PNEC)

No information available

### 8.2. Exposure controls

### **Engineering Controls**

Showers. Eyewash stations. Ensure adequate ventilation, especially in confined areas. Remove all sources of ignition.

### Personal protective equipment

Eye/face protection Hand Protection Skin and body protection Respiratory protection Wear safety glasses with side shields (or goggles). Wear protective gloves. Suitable protective clothing. In case of insufficient ventilation, wear suitable respiratory equipment.

### **Environmental exposure controls**

Prevent entry into waterways, sewers, basements or confined areas.

### SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

Appearance Color Odor Odor Threshold pH Melting point/freezing point Paste Gray No information available Not determined Not determined Not determined

**9.2. Other information** No information available

# **SECTION 10: Stability and reactivity**

### 10.1. Reactivity

No information available.

- **10.2. Chemical stability** Stable under normal conditions.
- **10.3. Possibility of hazardous reactions** None under normal processing.
- **10.4. Conditions to avoid** Heat, flames and sparks.
- **10.5. Incompatible materials** None known based on information supplied.
- **10.6. Hazardous decomposition products** None under normal use conditions.

# **SECTION 11: Toxicological information**

### 11.1. Information on toxicological effects

### Acute toxicity

Chemical Name	Oral LD50	Dermal LD50	Inhalation LC50
Aluminum (CAS #: 7429-90-5)	LD50> 15900 mg/kg bw(rat)	N - (A)	LC50> 0.888 mg/L/4 h(rat)
Zinc oxide (CAS #: 1314-13-2)	> 5000 mg/kg (Rat)	> 2000 mg/kg bw (Rat)	> 1.79 mg/L air 4h (Rat)

### Skin corrosion/irritation

Non-irritating to the skin.

#### Serious eye damage/eye irritation No eye irritation.

#### Sensitization

No sensitization responses were observed.
